

## **For Clients who live Out of State**

**December 11, 2003**

**Dear Valued Client,**

If you live in a state other than California and have received a NOTICE OF PROPOSED ASSESSMENT from the State of California, please contact our office. You probably do not owe California any state taxes. If you receive such a letter we can provide you and the state with a letter explaining that you are not a resident.

**Sincerely,**

**Karen Blair  
Controller & Operations Manager**
